

The Audi A4 Avant

So far ahead, it's in a space of its own

The Audi A4 Avant

Progressive performance meets intelligent functionality in the latest model in the prestigious A4 range – the spacious Audi A4 Avant. With an extended aerodynamic roof line plus all the rear interior space you need for an active lifestyle – and the same advanced features as the award-winning A4 saloon – it's little wonder many are hailing this elegant yet versatile model as the new leader in its class. Others go further and say the sporty Audi A4 Avant is so far ahead, it's in a space of its own.

With up to 1,430 litres in volume, the latest addition to the Audi family has one of the largest luggage capacities in its class, presented in a dynamic, coupelike silhouette. Add to that intelligent, luxury features as standard, like a reversible cargo floor, a fine carpet-lined trunk and tie-down eyelets for securing luggage, and you begin to appreciate the true luxury of space. Why not experience it for yourself?
